Chameleon Lean Wall

## Specifications

Chameleon quality

The core of the Chameleon range is formed by the whiteboard. A Chameleon whiteboard can be recognized for its quality, which is visible in 4 ways:

1. Durability: Chameleon whiteboards are 10 mm thick with a sturdy water-repellent MDF core (FSC® certified - license code: FSC-C130761).
2. Surface: Chameleon whiteboards feature high-quality magnetizable enamel steel, recognizable by a smooth surface without any irregularities. We offer a lifetime warranty on writing and erasing on all enamel surfaces. Below is an overview of our enamel surface options.
3. Finish: Chameleon whiteboards are machine-cut and then manually coated for a meticulous finish.
4. Installation: Chameleon employs a unique TÜV-certified mounting system that utilizes magnetic plates.

| Code	Surface	Description	Writing / erasing	Panel edge colour	Maximum dimension
W	Whiteboard white	Most popular whiteboard surface with a high gloss finish	Whiteboard markers / dry erase	White lacquered	1480×2980 mm
B	Chalkboard - grey	Colourfast, durable surface with a soft and even grey colour distribution	Chalk / dry erase	Black lacquered	1180×2980 mm
