# Chameleon Sharp Glassboard

Specifications

Chameleon quality

The core of the Chameleon range is formed by the whiteboard. A Chameleon whiteboard can be recognized for its quality, which is visible in four ways:

1. Durability: Chameleon whiteboards are 10 mm thick with a robust, water-repellent MDF core (FSC-certified, see sustainability).
2. Surface: Chameleon whiteboards feature high-quality magnetic enamel steel, recognizable by a smooth surface without imperfections. We offer a lifetime warranty on writing and erasing on all enamel surfaces. Below is an overview of our enamel surface options.
3. Finish: Chameleon whiteboards are machine-cut and then hand-finished. We pay great attention to the finishing process.
4. Installation: Chameleon uses a unique TÜV-certified mounting system that works with magnetic plates.

Technical

Characteristics:	- Magnetic for glassboard magnets and dry-erasable - Suitable for very intensive use
Thickness:	4.5 mm
Mounting:	Simple magnetic mounting
Warranty:	2 years
Surface warranty:	25 years

Construction

Glassboard panel

1. Surface:	Hardened safety glass of 4mm
2. Backing:	Galvanised steel of 0.4 mm
Finishing:	Polished edges (matt)
