Sharp Wall Acoustics

## Why choose Chameleon Sharp Wall Acoustics?

The Sharp Wall Acoustics panels combine a sleek design language with functional sound absorption. With their elegant 9 mm designs and various color options, they offer a sustainable solution for learning environments.

- ✓ **Minimalist design with character**  
The panels are made from 9 mm PET felt and available in 21 colours. The sharp lines and clean finish create a modern look that blends seamlessly with other interior elements.
- ✓ **Calm and focus through acoustic performance**  
With an acoustic value of  $a_w: 0.25$ , the panels help reduce reverberation and improve speech intelligibility. This creates more calm, concentration, and comfort in any space.
- ✓ **Easy installation and lasting quality**  
The panels are installed with adhesive, ensuring a clean, secure placement and long-term stability. This way, they remain an aesthetic and functional addition to the space for many years.

## Expertly produced in the Netherlands

Each Sharp Wall Acoustics panel is crafted with precision and expertise in the Netherlands. The panels are made from 9 mm PET felt, carefully selected for optimal acoustics and aesthetics.

After production, every panel undergoes a strict visual inspection and the surface is meticulously finished.

The edges are refined seamlessly, giving the panel a smooth, continuous appearance. By combining modern design with traditional craftsmanship, the result is a panel that excels in quality and offers long-lasting use in learning environments.

# Hassle-free installation

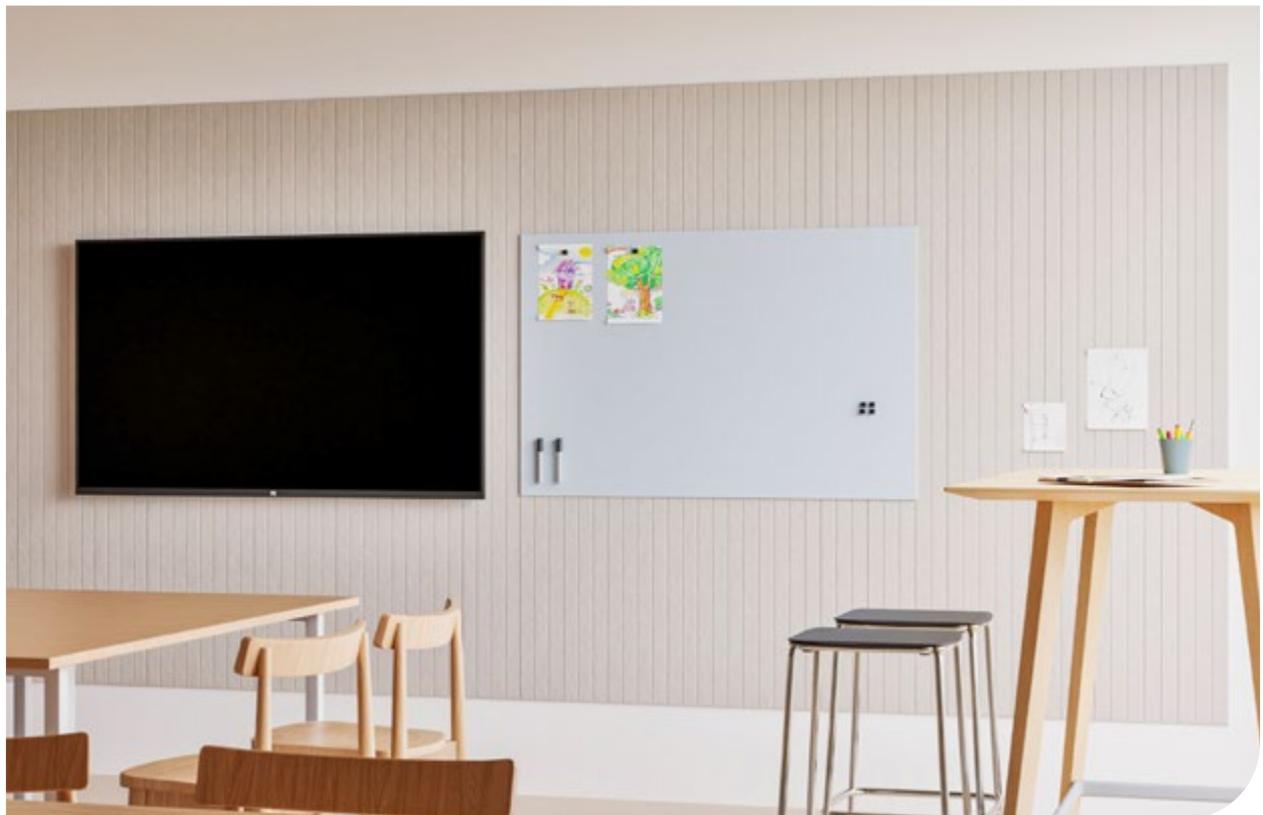

The 9 mm Sharp Wall Acoustics panels make it easy to design walls in learning spaces. Thanks to installation with adhesive, the panels are mounted quickly and securely, creating a clean result that perfectly matches your design.

## Simple and flexible installation

The 9 mm Sharp Wall Acoustics panels are securely fixed to almost any flat wall with adhesive. This allows you to achieve a sleek and durable result quickly, exactly the way you want it.

## Flexible and perfectly fitting

The panels are delivered to size, ensuring they fit seamlessly in any space. They provide a flexible, sustainable solution for schools, childcare facilities, and creative workplaces where customization and functionality are key.

Sharp Wall Acoustics

## Visual unity in functionality

Chameleon Sharp Wall Acoustics combine seamlessly with other Chameleon products or elements in the room. This creates a functional and visual unity that radiates calm and cohesion.

For example, combine Sharp Wall Acoustics with Sharp Whiteboard panels to create a calm and balanced learning environment.

You can also give your Sharp Wall Acoustics the identity of your educational institution by applying a logo cut-out, including the corresponding corporate colors. This makes the space not only functional but also distinctive and personal.

## Inspiring combinations

### Sharp Wall Acoustics + Sharp Whiteboard

Combine with whiteboard panels for a calm, balanced learning environment.

### Sharp Wall Acoustics + Logo

Give your Sharp Wall Acoustics the identity of your educational institution by incorporating a logo cut-out, including corporate colours.

# Why Chameleon?

You don't choose a Chameleon product just for its high-quality design and proven reliability. You also choose a partner who thinks along with you, responds quickly, and works together to build sustainable solutions. What makes Chameleon unique?

## Flexibility is in our DNA

Whether it concerns customisation, a quick adjustment in scheduling, or specific project requirements, we respond swiftly. Our family business is set up to be customer-focused and agile, without compromising on quality or service.

## Local production, visible craftsmanship

All Chameleon products are manufactured in-house, in our modern production facilities in Geldrop, near Eindhoven. Here, we combine craftsmanship with technology, with care for people and the environment. We warmly invite customers and partners to see firsthand how we ensure quality, sustainability, and transparency.

## Built for the future

Our products are made to last. That's why we offer a lifetime warranty on the ceramic steel writing surface. A long lifespan means less waste, fewer replacements, and therefore a smaller ecological footprint.

## Sustainability

As a brand of Smit Visual, we take our responsibility for people and the planet seriously. We continuously work on making our processes, materials, and products more sustainable. For example, we use FSC-certified wood and hold ISO 14001 and Ecovadis Gold certifications. Sustainability is not a project, but an attitude embedded in our daily work.

# Chameleon available in pCon

The Chameleon product portfolio is an addition to any interior project where collaboration and creativity for end users are key objectives. The whiteboards and acoustic wall panels are available in pCon.planner, pCon.box, pCon Catalog, and pCon.facts.

## I am not using pCon yet

The globally renowned pCon platform is a 3D interior design software used by countless interior professionals. pCon offers various apps you can use. The main tool you need to create 3D visualisations is pCon.planner for laptop/desktop. This software is free to use and can be downloaded here. Don't forget to request the Chameleon data at the top of this page afterwards.

[Download pCon planner](#)

## Additional pCon tools

Chameleon assortment items are freely accessible and can be downloaded as 3D files in pCon.catalog.

Configure Chameleon products and place them directly in a space using augmented reality. You can also upload 2D floor plans for precise placement.

**pCon.facts**

Always have access to product information, 3D models, and images of Chameleon products. Ideal for presentations.

The ultimate quotation tool with the CPQ (Configure, Price, Quote) application. Configure products and determine prices.

# Specifications

## Colours

The PET felt material used in Chameleon acoustic products is made from recycled PET bottles, largely sourced from post consumer waste. This sustainable material not only offers excellent acoustic performance but also provides a modern and stylish appearance. PET felt is shape stable, hard wearing and low maintenance, and contributes to a pleasant and quiet working environment. The material can easily be cleaned with a lightly damp cloth. Chameleon PET felt is available in no fewer than 23 contemporary colours, making it easy to match with any interior style.
