

Chameleon Oak Organiser Kit

Whiteboard Accessories

Why choose the Chameleon Oak Organiser Kit?

The most complete accessory set for Chameleon whiteboards. Featuring a solid oak organiser, premium design magnets, an oak eraser block and maintenance accessories, this kit combines functionality, organisation and high-end design in one solution.

✓ Everything organised in one place

The solid oak organiser block provides a dedicated place for markers and cleaning spray. This keeps all essentials neatly organised and readily available. The whiteboard maintains a tidy appearance, while users always have the right tools within easy reach.

✓ Designed for long-term use

In addition to the eraser block, the kit includes a spare replacement pad. This ensures the eraser continues to perform at its best over time, with an immediate replacement available whenever needed. A practical solution that complements the durable quality of Chameleon whiteboards.

✓ Quick erasing and thorough cleaning

The Oak Organiser Kit supports both daily use and periodic maintenance. The magnetic eraser block with microfibre pad is ideal for making quick corrections during presentations, meetings or lessons. For more thorough cleaning, the included microfibre cloth and cleaning spray help maintain a perfectly clean writing surface.

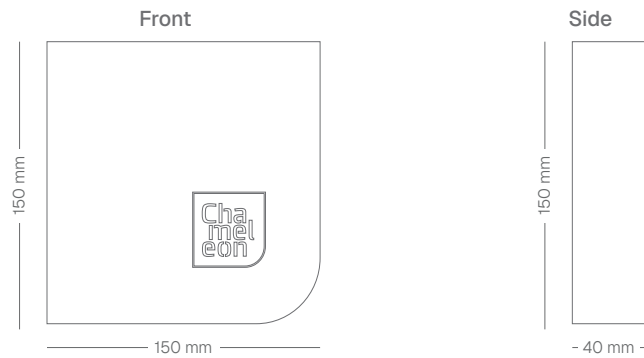

✓ A premium addition to any interior

The combination of solid oak and black accessories complements the look and feel of the Oak whiteboard collections perfectly. At the same time, the Oak Organiser Kit is a stylish addition to any Chameleon ceramic steel whiteboard. Functionality and design come together in one thoughtfully designed accessory solution.

General

Article number	Gross weight	Nett weight
14017160	1,2 kg	1,05 kg

Contents

1 Oak Organiser	A premium organiser (15 x 15 x 4 cm) crafted from solid oak, with dedicated space for markers and cleaning spray. Thanks to the integrated magnet, the organiser attaches securely to the ceramic steel surface, keeping all accessories neatly organised and within easy reach. Made with FSC®-certified oak, licence code: C137061.
3 black board markers	Three high-quality dry-wipe markers for everyday use on all Chameleon ceramic steel writing surfaces. The markers are neatly stored in the solid oak organiser block, ensuring they are always readily available. Line width: 2–3 mm.
1 Oak eraser	A magnetic eraser block crafted from solid oak. Fitted with a microfibre eraser pad for quickly removing notes and corrections during everyday use. Made with FSC®-certified oak, licence code: C137061.
6 black cube magnets	Six premium design magnets with a matt black finish. Their powerful core provides excellent holding strength, while the rounded design and refined finish perfectly complement the premium appearance of Chameleon whiteboards.
1 cleaning spray	The Chameleon cleaning spray has been specially developed for ceramic steel writing surfaces. The spray fits perfectly into the organiser and is always within reach for periodic cleaning and maintenance of the whiteboard.
1 magnetic microfibre cloth	A high-quality black microfibre cloth for periodic maintenance of the writing surface. Used in combination with the Chameleon cleaning spray, it removes more stubborn marker residue and helps keep the whiteboard clean and presentable over time.
1 spare eraser pad	An additional microfibre eraser pad for the eraser block. This ensures the eraser continues to perform optimally over time, with a replacement readily available whenever required.

Packaging

Type:	Box
Packaging unit:	1 collo
Materials:	Cardboard

I am not using pCon yet

The globally renowned pCon platform is a 3D interior design software used by countless interior professionals. pCon offers various apps you can use. The main tool you need to create 3D visualisations is pCon.planner for laptop/desktop. This software is free to use and can be downloaded here. Don't forget to request the Chameleon data at the top of this page afterwards.

[Download pCon planner](#)

Additional pCon tools

Chameleon assortment items are freely accessible and can be downloaded as 3D files in pCon.catalog.

Configure Chameleon products and place them directly in a space using augmented reality. You can also upload 2D floor plans for precise placement.

pCon.facts

Always have access to product information, 3D models, and images of Chameleon products. Ideal for presentations.

The ultimate quotation tool with the CPQ (Configure, Price, Quote) application. Configure products and determine prices.

Experience the Oak Organiser Kit in your next project.

Curious to see how Chameleon Oak Organiser Kit fits into your interior design?
We're happy to support you, from samples to custom solutions, from pCon files to showroom visits.
