

Chameleon Oak Tray Kit

Whiteboard Accessories

Why choose the Chameleon Oak Tray Kit?

A stylish combination of solid oak wood and practical functionality. The Oak Tray Kit keeps markers, cleaning products and accessories neatly organised, forming a natural complement to any Chameleon whiteboard.

✓ A warm accent on the wall

The Oak Tray Kit introduces a natural material feel to the whiteboard. The shelf is crafted from solid oak and perfectly complements high-end interior concepts. The warm appearance of the wood enhances the character of the space, turning the whiteboard into an integral part of the interior.

✓ Smart magnetic attachment

Thanks to the integrated magnet, the tray is securely fixed to the ceramic steel surface. Without screws, drilling or permanent installation, its position can be easily adjusted. This keeps the whiteboard flexible in use and ensures accessories can always be placed in the most practical location.

✓ Always an organised workspace

Markers, cleaning spray and erasers each have a dedicated place on the board. This keeps the environment tidy and ensures all tools are immediately accessible during meetings, presentations or lessons. A well-organised whiteboard creates greater calm and a professional appearance.

✓ More than just Oak

Although the Oak Tray Kit perfectly complements the look of Sharp Oak and Curve Oak, the tray is compatible with all Chameleon ceramic steel writing surfaces. This makes it a stylish addition across a wide range of interior designs, from educational environments to modern office concepts.
